Reception Given Popular Young Married Couple.

One of the most charming affairs of the past week was the reception on Tuesday last given by Mr. and Mrs. H. W. Moesta, of No. 716 West Cary Street, to Mr. and Mrs. Harry Hopkins, who have just returned from an extended wedding tour, visiting Washington, Baitmore, Philadelph a, New York, Niagara Falis and other places of interest.

The parlors were beautifully decorated with autumn leaves and chrysiantheniums, and from the four corners of the dhinghall was suspended garlands of similax and ferns, which reached down to an enormous wedding cake, over which hung a large bunch of American Beauty Rosestied with fresh ribbon, while here and there king huge bunches of chrysantheniums and autumn leaves, which seem to add beauty to the scene. The bride was the recipient of many beautiful presents, both from friends in Baltimore and Richmond.

Senator Martin, are incident to this. The junior senator was chosen because of his prominent part in secuting the appropriation that made the work possible. Senator Martin returned a few days ago from a speaking tour of the Ninth Congressional District. He reports that excellent audiences were found everywhere, and that the speakers who have been to the district are given the closest and most respectful attention. The audiences embrace many of the best known people of the various counties. The senator said that the district had been given an abundance of speach-making, and that the large audiences were the rule, rather than the exception. The Republicans, too, he issues, and were charging that thousands of white men had been distranchised as a result of the new Constitution, the number alleged to have been excluded from suffrage being grossiy exiggerated.

Senator Martin will go to New York on Friday, and will there confer with the Aşitional Committee. [1] start last night that he had not been to headquarters for two weeks, and was not familiar

A subcommittee, consisting of Messrs, Gunst, Rennolds, John B. Minor, L. C. Will ams and Gates, was appointed to confer with a similar committee from the Water Committee concerning the use of the old pump house for electrical purposes.

The city electrician was instructed to assign the committee with other cities the method in vosue in such pasces as to the granting of permits for electrical work of all kinds, and whether or not any fee is charged for granting and issuing permits of this character. No charge has been made under the system in operation here, and the department has no source of income to offset the expense of administration.

From remarks made in an informal dis-

of administration.

From remarks made in an informal discussion of the subject by some of the members, it appears that they are in favor of a small fee for the issuance of permits by the department, and the statement was made that such a plan was enforced in other cities in Virginia.

Nothing, however, is expected to be done until full information is in hand from some of the large cities, where experience with electrical companies and contractors has been tried to a greater degree than has ever herstofore existed here.
